SELF-SERVE WASH EQUIPMENT

VALUE LINE PRO

VFD MULTI-PRESSURE PUMP STAND

Save energy and reduce operating costs with our Value Line Pro. When you need self-serve car wash equipment with custom high, medium and low pressure settings...this is the industry standard. The Variable Frequency Drive (VFD) motor ensures each product is delivered at an optimal pressure setting. The VFD control box runs the electric motor at variable RPMs to efficiently deliver your presoak and bug cleaner. Status indicators on the face help you diagnose and solve issues quickly, saving you time and getting your wash running smoothly again...which saves you money. With its high quality components and rugged stainless steel frames, these pump stands not only meet, but exceed the requirements of even the most rigid operator, making them the perfect solution for all experience levels.

FEATURES:

- Welded 304 Stainless Steel Frame
- Nema 4 Pre-Wired Control Panel
- Direct or Belt Drive Pump
- VFD Controlled Motor
- Heavy Duty Inverter Rated 5hp Motor
- Rated 208/230vac 3-Phase 20amp
- Triplex Plunger Pump
- Pre-Plumbed Inlet Manifold
 - Rinse
 - Soap
 - Wax
 - Pre-Soak
 - Wheel & Tire
 - Option 1
- Multi Pressure Delivery
- Pre-Plumbed Outlet
- Integrated Air Assist
- Weep Saver Control Valve
- 24vac Auxiliary Power Supply
- Enable/Disable Low Voltage
- Adjustable Pressure Regulator
- Pre-Wired Low Voltage Terminal
- Wash Down Switch
- Rubber Leveling Feet
- LED Diagnostics
- Maintenance Meter
- Run Cycle Meter
- Pulsation Dampener
- Pressure Gauge
- Quick Drain Oil Kit

BENEFITS:

- One Bay, One Pump Delivery**
 - Rinse
 - Soap
 - Wax
 - Pre-Soak
 - Wheel & Tire
 - Option 1
- Compact Modular Design**
 - Reduces Number of Fluid Lines to Wash Bay
 - Reduces Number of Check Valves Over Wash Bay
- Multi-Pressure Delivery**
- Customize Delivery Pressures**
- Entry Level Multi Pressure System**
- Easy to Install**
 - Pre-wired
 - Pre-Plumbed

OPTIONS:

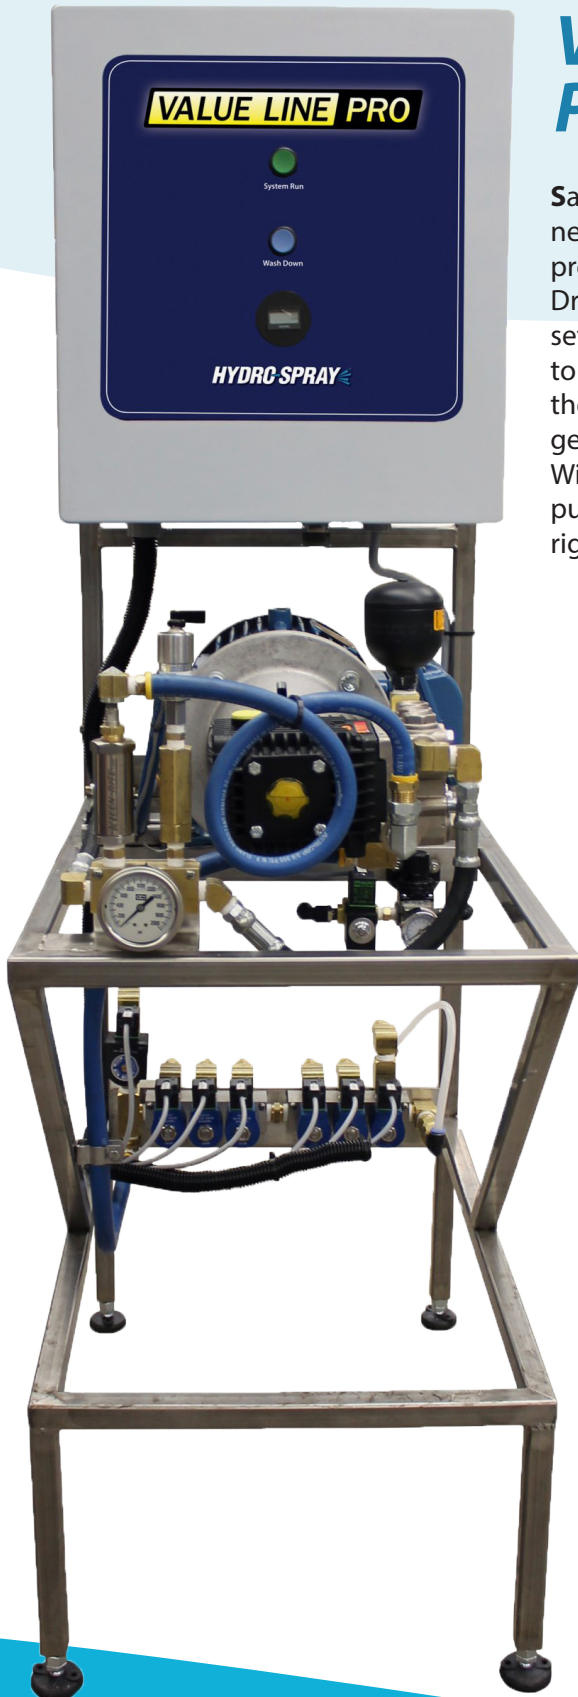

- CAT Pump**
- General Pump**
- Tank & Delivery Options:**
 - Wall Mount Supply Tanks
 - Free Standing Supply Tanks
 - Low Pressure Delivery Add On's
- Check Valve Assembly**
- Caster Kit**
- Spare Parts Kit**
- Install Kit**

REQUIREMENTS:

- Electrical:**
 - 208/230vac
 - 3-Phase
 - 20 amps
- Water:**
 - 4-5 Gpm
 - 40-60 Psi
- Compressed Air:**
 - 3-5 Cfm
 - 20-90 Psi
- Space:**
 - Dimensions 18"x24"x60" (Actual)

WORRIED ABOUT INSTALLATION?

All Value and Value Pro pump stands leave the production floor pre-wired and pre-plumbed, so installation is quick & simple to get you up and washing FAST! Our washes come specced with powerful, quality wash features, so that your customers will return to wash and wax for years.

VALUE LINE

PERFECT FOR UPDATING EXISTING EQUIPMENT

HIGH PRESSURE SELF-SERVE PUMP STAND

Pre-plumbed, pre-wired and ready to install... our Value Line is the entry level industry standard when it comes to self-serve car wash equipment. It has a single phase motor and features a three way valve setup for hot washing and cold rinsing. This high pressure self-serve pump stand is designed for less maintenance while saving you space in the equipment room. The Value Line has innovative design and installation options perfect for almost every bay and business. Overall, this is a low maintenance, low cost wash option thst's ideal for the operator looking to upgrade their bay - easy to run and operate - spraying soap, rinse, and wax for years to come.
