

Everybody loves the magic of **bubbles** - their breezy, carefree charm captures our imagination leaving us feeling 'safe and sound' all the way through the wash bay. No wonder car wash customers LOVE LOTS OF BUBBLES. They mean a **cleaner** car, **safer** wash, and a more **pleasant** wash experience. In short, MORE BUBBLES = MORE FUN. And of course, MORE FUN = MORE CUSTOMERS!

A Bubillion Bubbles Per Car, Just One Amazing Ounce!

The Sudzer® delivers the **TONS OF BUBBLES** customers want - with as little as **1/2 oz.** of chemical per car. That's a chemical cost as low as a dime per car! This ultra-low chemical cost makes it easier to drive profits through higher menu prices, or increased sales of your top-tier wash packages.

The Bubble Arch That Lives Up To YOUR Good Name!

In addition to an unparalleled customer experience, the Sudzer® offers you a choice of three manifold colors - **RED, GREEN or BLUE** - to support your branding. Matching LED illumination gives your **TONS OF BUBBLES** the distinctive **colored glow** that customers will strongly associate with your wash. And, the branding panel offers the perfect showcase for your custom logo.

Want Impressive Bubbles? We'll Give You The Recipe!

Because every chemical bubbles differently, Belanger engineers will provide written settings proven to work for your intended product.
